[DISPATCHES TO THE OREGONIAN.]

DATES TO MAY 1.

Resignations, Removals and Appointments—Revolution Threatened.

WASHINGTON, May 1.—Hon. James Patridge, Minister to San Salvador, has resigned. The President has withdrawn the nomination of Nicholas Smith of Kansas, as Minister to Granada. U. S. Marshal Jackson of Wisconsin has been removed and General Cassius Fairchild nominated as his successor. It is also rumored that M. A. ... postmaster of Detroit has been removed. Congressman Eldridge boasts that there is to be a general sweeping among office holders who do not support the President's policy. Col. Florence of the National Union ... this evening in Congress as follows: These men had better beware. They are not a legal Congress but an unconstitutional body of usurpers. The country feels that the great error of the President was in ever recognizing them at all in their self important rump ... A little revolutionism is just the thing needed now and there are two hundred thousand Democrats north who would back that kind of pluck with good relish. The statement of the public debt on May 1st shows a debt of $2,816,930,674. The Department has issued an order that hereafter civilians shall not be tried by military courts where proper civil tribunals are in existence. The order does not apply to contractors. The following answer to the Governor of North Carolina is published, dated

EXECUTIVE MANSION, April 30th.—I am directed by the President to inform you that the proclamation of April 2d, was not intended to interfere with the military commissions then or previously organized or trials pending before that commission. Gen. Ruger has been instructed to proceed with the trial of Maj. Gee, but before execution of sentence, will report fully to the War Department. Signed, EDWARD COOPER, Acting Private Secretary.

Mr Cooper is a member of Congress, elected from Tennessee, assisting the President in the above capacity while awaiting admission.

The Press on Reconstruction.

CHICAGO, May 1.—The reconstruction committee has closed examining witnesses and submitted all the remaining testimony. The entire amount to be printed immediately will fill several volumes. The comments of the press on the reconstruction report show great diversity of opinion, and while most of the Republican papers are willing to accept it, all have some fault to find.

The New York *Evening Post* says: The country expected something for hastening reorganization. This is denied for the Southern States, but will not be accepted certainly till after the fall election. Practically, therefore, this is the platform on which those who choose to stand upon it may go before the country in the fall. In my judgment that is not enough to satisfy the country. Suppose the elections result unfavorably, it may then be seen that the next Congress will not only withdraw those conditions but repeal the test oath and civil rights bill. That is, our own imprudence will have sacrificed the great objects already gained. Is it not far wiser for Congress to make sure of what it has done than to try ... enough for this time, be content? It has secured the supremacy of law and justice and should admit at once all who take the prescribed oath.

The *Commercial Advertiser* says: The plan is a lame attempt to ratify what good the President has done, substituting it for its own scheme. That will be good enough until after the election.

The Springfield *Republican* says: If the committee expect the Northern States to sustain them in imposing such conditions, we fear they will be greatly disappointed. It is not easy to win success to any party measure which bears on its face the evidence that it has no other or better purpose.

The Chicago *Tribune* regrets that the plan does not include negro suffrage, but as a policy of sure and cautious political expediency, adapted merely with a view of carrying the election, it regards the plan as a very strong one.

The New York *Times* says: While most of the propositions are just and sound, its leading purpose, namely, the election of the next President by a divided Union, is so notoriously unjust, unwise and impracticable, and if persisted in by Congress, will lead to disastrous consequences.

The Albany *Journal* says: If the conditions are seemingly hard, the South itself is to blame.

The St Louis *Democrat* says: It is scarcely to be hoped that a plan less objectionable, can receive the requisite two-thirds vote in Congress.

The New York *Tribune* is disappointed, believing that timid counsels have overthrown negro suffrage, while the party might as well have carried the game as well as the fame.

The Boston *Advertiser* says its opinions are that the committee have done the best that can be done, and their action must be deemed decisive. We are glad to see indications of a general disposition in Union men to forego personal views, and unite to secure the adoption of the report.

Reconstruction in Texas.

WASHINGTON, May 4th.—Messrs. Henderson, Lane, Porter and Hancock, appointed by the Texas Convention have arrived and laid before the President the official copy of the new constitution and ordinance declaring secession null and void, repudiating the rebel debt and giving freedmen the right to testify, etc. Judge Hancock addressed the President, saying that his wise and patriotic course in behalf of equal rights throughout all sections of the country has revived fresh hopes in many desponding hearts. That the administration which has experienced the most terrible shock of civil war, will see the Constitution ably restored.

The President expressed himself gratified to learn that the unanimous feeling of the people of Texas was to accept the result of the war, and said he had put the utmost confidence in the ultimate success of the administration of affairs, and that time and patience will solve the difficult problem.

WASHINGTON, May 4.—The Senate, after the morning hour went into executive session and subsequently adjourned to Monday. In the House Mr Stevens offered a joint resolution which was adopted congratulating the Emperor of Russia on his escape from assassination. Mr Mellger from the Committee on Public Lands, reported a bill relinquishing to the city of Benicia, California, the right and title of the United States to all such lands as are in bona fide occupancy, reserving the lands occupied by the Government, and the bill passed. The House then debated and passed the bill creating the grade of General in the United States army.

WASHINGTON, May 3.—The Conkling-Blaine imbroglio has furnished temporary relief in the midst of the excitement of politics in the East. He claimed to father the constitutional amendment which bore Mr Blaine's name, and their growing jealousy burst out last week in the debate on the army bill when Mr Conkling, having denounced the Provost Marshal's Bureau as a carnival of corruption, he was answered by Mr Blaine that he (Conkling) had been caught by General Fry in corrupt schemes. Gen. Fry comes to his relief in a letter filling two columns of the *National Intelligencer*, showing up Conkling, upon which Mr Conkling appealed to the House for an investigation promising himself to make good his original assertion. The speaker appointed Messrs. Shellabarger, Windham, Boyer, Cook and Warner, a select committee to investigate the alleged abuses in the Provost Marshal's Bureau. An interesting report may be expected.

WASHINGTON, May 1.—In the Senate Howard of Michigan from the Pacific Railroad Committee reported a joint resolution extending the time for completing the first 100 miles of the eastern division to the 20th of June, 1866; passed. The debate on Trumbull's amendment to the Post Office appropriation bill was protracted and interesting.

The House passed the Niagara Ship Canal bill, loaning the Government credit to that enterprise to the amount of not exceeding $6,000,000.

The speaker presented a message from the President inclosing a report from the Secretary of State on the subject of the cotton loan. The correspondence comprises letters from a committee of English cotton bond holders to President Johnson, a letter to Governor Orr, of South Carolina, another to Secretary McCulloch, and two from George McHenry.

WASHINGTON, May 2.—In the House Blaine of Maine offered a resolution asking the President to communicate information about the harbor and bombardment of Valparaiso and what instructions had been given to Commodore Rodgers. Boutwell of Massachusetts objected and the resolution was not read. Bills and reports from the Patent Committee occupied the balance of the session. Adjourned.

Great Riot at Memphis.

MEMPHIS, May 4.—The Memphis riot culminated in a general conflagration of the negro quarters on Wednesday night and the killing of some 15 negroes by the mob. The trouble grew on Wednesday in being exasperated by the previous day's injuries attempted to secure arms from Pickering, and about 10 o'clock on Wednesday morning, probably 1,500 blacks were assembled in South street, when startling rumors reached the city that they were preparing to march on the place and burn it. This was the signal for a general outpouring of the whites, who pillaged the gun stores and rushed down South street, headed by a posse of armed men under the Mayor. Fifteen twenty negroes and one white man were killed in the collision, and the negroes fled to woods leaving many wounded. During the afternoon and evening stray negroes were pursued and shot, and then a conflagration and pillage began. On Thursday morning General Stoneman commanding the District of West Tennessee, issued the following circular:

Circumstances compel the undersigned to interfere with the civil affairs of Memphis. It is forbidden for any persons, without the authority of the Headquarters, to assemble together any posse of armed men, either white or colored. This does not include the police, ... as long as they are relied on as preservers of the peace.
(Signed) GEO. STONEMAN

The above order was probably called forth by the fact that Mayor Park has been on a terrible drunk since the riot commenced and is therefore unfit to govern the city. The *Tribune's* special dispatch says that only the low class of citizens participated in the row while the best citizens deprecate such action, but they were powerless to repress it, that the Mayor was drunk, the police useless and only a small handful of troops in garrison. General Stoneman has authorized one hundred and fifty ... colored infantry to organize and will arm them and keep the peace. The bodies of the negroes lay along South street as they fell. The rest of the negroes went beyond the city limits. ... The rioting was superintended and carried on by the lowest whites while the drunk Mayor babbled of insurrection to his drunken followers. The *Times* special dispatch says all is quiet at 9 o'clock this (Thursday) evening, except in case of an intended negro uprising to-night, which are only the imaginations of guilty consciences caused by the vandalism last night.

Petition for the division of Tennessee.

CINCINNATI, May 4.—A convention was held in Knoxville, Tennessee, yesterday, which adopted a resolution in favor of a separate State government for East Tennessee. It appointed a committee to bring the question before the Legislature. Judge Samuel Rodgers, who presided, said this was but an adjourned meeting of the convention which met at Greeneville during the dark hours of 1861. It is no secession movement but expresses the devout wish of the people for a separate State.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, May 4.—A. O. Thomas' stage line between San Jose and Visalia has commenced running their large Concord coaches tri-weekly; the first coach from San Jose east heavily loaded with passengers for the new mines at Havilah. New and valuable discoveries of new mines are made almost daily in the Clear Creek region. An exceedingly rich lode has been recently opened in Walker's Basin, that promises to be one of the most reliable mines in that section. The mines in the vicinity of Havilah continue to yield richly and are rapidly rising in value.

This morning Theodore Sanborn indicted for obtaining money by false pretenses, failed to make his appearance to plead, and was allowed until to-morrow. Sanborn went to New York some weeks since. He was under $2,000 bonds.

Henry J. Johnson, Captain of the steamer *Del Norte*, tried for ill treatment of a sailor, was acquitted, the jury being satisfied the Captain only used justifiable means to reduce a refractory seaman to obedience.

SAN FRANCISCO, May 5.—Patrick Murphy late Secretary of the California Building and Loan Society, is on trial in the Police Court on a charge of grand larceny in taking away the balance sheets of the Company's books, which the President says are worth $150. Murphy acknowledges having taken the papers and claims his right to do so for his own protection. The case was partially investigated in the Police Court yesterday and continued until Monday for the purpose of introducing more testimony for the prosecution.

The latest gold quotations are to the 24th, at 127½c. Legal tenders remain without decided change, the extremes being 76c @ 80c. The mining share market shows a little more tone at the close. Yellow Jacket advanced $12 50, Belcher $5 and Chollar Potosi $1, while Ophir fell $5 from the corresponding board yesterday. The dry goods trade during the week has been below the general expectation. The interior has been represented by a respectable number of buyers, but they manifest little disposition to operate except at low figures. They are slow to be convinced that prices have reached anything like a permanent footing and many of them prefer to await further developments in the East. The list of goods that are paying anything like a decent profit to importers is rather circumscribed. Flour rules steady, sales of bulk 5,000 bbls, chiefly previous to our last, for export to China at current figures. Still in Trouble about their Social Standing.

The *Herald* cannot see the least difference between the principle that "all men should be equal before the law," and the doctrine of the social equality of the races. A person who cannot comprehend the difference between a law which puts all men on an equality before the bar of justice, confirming them in the enjoyment of civil rights, and, making them liable alike to the same pains and penalties, and none other, and those conventional usages which fix a man's place in society according to his real or supposed worth—a person who cannot comprehend this difference, does not possess half the capacity of the unlettered rustic described by Pollok:

> He never had a high thought
> In all his life, and never changed their course,
> But told them o'er each in its customed place
> From morn till night, from youth to hoary age—
> So weak his memory, the name his mother called him by
> He scarce remembered

Social usages and customs are above all law, and no one has ever been chimerical enough to propose to define, restrict or regulate them by statutes. The Democratic talk about the "social equality of the races" is as great an absurdity "as ever fancy, playing at will, framed in the madman's brain." Social equality exists nowhere on earth, nor ever can. The opponents of the Democratic party seek not to establish the impossible condition of social equality, but they do seek to establish justice among all men. The editors of the *Herald* will always be left to fix their own status in society. There will be no legal enactments to clash with their inclinations. Much as they fear negro equality, i. e., social equality with negroes, it will never be forced on them. If they have it, they will have it by their own choice. The lower circles of society are open to them as well as the higher, but we fear from their language, (if as is well said, "speech is thought's criterion,") that it will be far more easy and natural for them to sink to the level of the former, than to rise to the high eminence of the latter.

If

If you vote for Fay, you vote for the man who regarded *the right of secession as a divine right*, and demanded that *the South be allowed to go in peace*.

If you vote for Kelly, you vote for a man who with a terrible oath declared that the *public debt must be repudiated*, and that the slaves emancipated by the war must be *paid for by the Government*.

If you vote for Lane, you vote for a man who *refused to give a simple vote of thanks* to the patriotic soldiers who were fighting for their country

If you vote for O'Meara, you vote for a man who informed the Secretary of State that it would *be perjury for him to take the oath of allegiance to the United States*

If you vote for Fay, you vote for a man who pronounced the war *an unholy crusade against natural right of secession—carried on by thieves and murderers*

If you vote for Kelly, you vote for a man who, in 1864, wanted the Government to yield to the rebels, withdraw the troops from the South and give up all attempts to vindicate the authority of the nation.

If you vote for Lane, you vote for a name which is known throughout the Pacific States as synonymous with treason

If you vote for O'Meara, you vote for a man who has showed his ingratitude to the country which affords him an asylum and a home, by employing his best energies in the effort to degrade and destroy it

If you vote for Fay, Kelly, Lane and O'Meara, you vote for the restoration to power of that party whose treason brought the Republic to the verge of ruin, and which in the hour of the country's peril lent her no sympathy or assistance.

If you vote for the Democracy, you vote to have the rebels whose hands are yet unwashed of the blood of your brothers, admitted to the control of our national affairs.

There is no safety for the country except in the success of the party which has evinced its devotion to the Union by fighting the rebellion down.

Is There any Truth in It? Read and See

On the 12th of April, 1866, M. H. Abbott, editor of the *Oregon Herald* wrote:

> It is asserted that the Democracy were not in favor of maintaining the Union, and that they opposed the raising of soldiers to put down the rebels. THERE IS NOT A PARTICLE OF TRUTH IN THIS STATEMENT.

Let us see. On the 17th of March, 1861, M H. Abbott, now editor of the *Oregon Herald*, published the following resolution, which among others, he said "EMBRACED HIS VIEWS COMPLETELY!"

> *Resolved, That we are opposed to the Federal Government adopting any coercive measures toward the seceding States.*

Again, in April 1861, M. H. Abbott said:

> We publish in to-day's *Democrat* the President's call for volunteers. Here is an opportunity for those who have so loudly clamored for coercion, TO TEST THEIR THEORY. WE ARE NOT ADVISED AS TO THE CALL WILL BE EXTENSIVELY RESPONDED TO IN PIKE COUNTY

When Congress passed the Conscript Act to fill up the ranks of our army, thinned by battle and disease, M. H. Abbott indirectly encouraged the people to resist its enforcement, saying:

> *The law is unconstitutional, and whether we are bound to obey an unconstitutional law or not, we leave the people to decide*

In 1861, M. H. Abbott published in his paper the following:

> We repeat again, we believe coercion would be A SIN AGAINST GOD AND AN OUTRAGE UPON MAN, AND THAT WHILE WE HAVE POWER TO RESIST WE WILL NOT AID COERCION BY JOINING IN AN APPEAL TO ARMS, OR BY MATERIAL AID

Is there "a particle of truth in the statement that the Democracy opposed the employment of force to put down the rebels?"

Which is Democracy?

On the 14th of March, 1861, M. H. Abbott then editor of the *Pike County Democrat*, and now editor of the *Oregon Herald*, said:

> FOR OUR PART, WE CONSIDER THE UNION DISSOLVED, NEVER TO BE RE-UNITED

On the 21st of March, 1866, M. H. Abbott, editor of the *Oregon Herald*, said:

> *If the States did not possess the right of secession (and we hold they did not) they are still States in the Union.*

Will M. H. Abbott, the author of both these sentiments, tell us WHICH IS DEMOCRACY?

Think of It.

In his speech at Umatilla a few days ago, Lane, the Democratic candidate for Secretary of State, said that if JEFF DAVIS SHOULD COME TO WASHINGTON AS CONGRESSMAN FROM MISSISSIPPI, HE (LANE) WOULD VOTE FOR HIS ADMISSION. This declaration was loudly cheered by the Copperheads present. Think of this, you who have been accustomed to abhor treason and hate murderers. Think of it, and on election day give Lane the benefit of his monstrous declaration

AN OLD DODGE.—We learn that the Copperheads of Oregon City met in mass meeting on Saturday night and nominated a city ticket and to give the thing a show of respectability, placed on their ticket the names of certain Union men. No true Union man will be trapped by this old, worn out trick of the Copperheads. The Union men whose names were thus used by the Copperheads, knew nothing of it at the time and of course, as true Union men, will spurn the whole thing. To steal honorable men's names in this way is the meanest kind of larceny but it is a business in which the Copperheads are well accomplished. The Union men of Oregon City will not affiliate with the rebels

DEMOCRATIC TACTICS.—We are reliably informed that the democratic "Simon Pure" "Jones family" of Marion county, having been badly worsted in the conflict between Col Hawkins, who believed in the war and Smith who didn't believe in it, have telegraphed an order on their Confederate friends east for testimony to show that *Hawkins is a thief*. That is the invariable argument of a Copperhead—when he can't answer he falls back on the unanswerable argument, "You are a liar!" "you are a thief."

The Louisville *Journal* publishes an article entitled, "Necessity of Southern support for the President." The exhortation is altogether needless; the South is supporting his "policy" to the last man, (except such as are loyal) including Jeff Davis, Stephens, Lee, Beauregard, and even Kentucky's favorite son, Breckinridge. No fear but that the President will have the Southern support which the *Journal* invokes.

[DISPATCHES TO THE OREGONIAN]

DATES TO MAY 4.

Congressional

CHICAGO, May 4.—In the Senate Wednesday, Sherman introduced a bill to consolidate the national debt, except greenbacks, into a thirty years five per cent loan. The bill exempts the bonds from taxation including the tax on income derived therefrom. Sherman said the reduced rate of interest would not only compensate for the loss of the tax to the revenue but will create a sinking fund [illegible] the principal

[illegible] amendment of [illegible]

Fessenden of Maine defended the action of the committee [illegible] the subject and he thought the report entitled to great weight

Dixon of Connecticut also submitted an amendment providing for the immediate admission of loyal representatives [illegible]

Sumner of Massachusetts [illegible]

[illegible] that action on the report would be delayed as long as possible and that meanwhile it would be [illegible]

The Senate adopted Trumbull's amendment of the Post Office bill—ayes 19 noes 11 as follows Ayes—Clark of New Hampshire Conness of California Creswell of Maryland, Harris of New York Henderson of Missouri Howard of Michigan Howe of Illinois, Kirkwood of Iowa Morrill of Maine Nye of Nevada Poland of Vermont, Pomeroy of Kansas Ramsay of Minnesota Sumner of Massachusetts, Sprague of Rhode Island Trumbull of Illinois Wade of Ohio, Williams of Oregon and Wilson of Massachusetts

Noes—Davis of Kentucky Dixon of Connecticut Doolittle of Wisconsin Guthrie of Kentucky Fessenden of Maine Johnson of Maryland Morgan of New York Saulsbury of Delaware, Sherman of Ohio Van Winkle of West Virginia and Willey of West Virginia. The bill then passed

The Senate in executive session rejected the nomination of Frank Blair as collector of Internal Revenue at St Louis—ayes 8 noes 21

The Senate also laid on the table the nomination of Rousseau as Minister to Honduras

The House on Wednesday the 3d, rejected Schenck's army bill, ayes 50, noes 80, and on Thursday the 3d reconsidered the vote, and recommitted the bill to the Committee. During Wednesday's debate, Schenck of Ohio stated that only 20,000 vols, white and colored were in service on the 25th of April, and a trifle over 50,000 regulars. The Senate on Thursday recalled the P O bill from the House, a motion of Poland of Vermont, in order that Trumbull's amendment might be made a separate bill. The House on Thursday passed the bill admitting Colorado, ayes 80, noes 55. This quick result surprised everybody. The bill was taken from the Speaker's table. The House refused to table it by a vote of 29 against 109. Then refused to refer it to a committee by a vote of 44 to 1. Then rejected an amendment offered by Washburne of Illinois, requiring the word white to be stricken out of the Constitution by a vote of 39 against 59, and then passed as above. The negative vote, besides the Democrats included Boutwell of Mass, Bigby of Cal, Julian of Indiana, Kelly of Pennsylvania, McRuer of California Morrill of Vermont, Raymond of New York, Stevens of Pennsylvania, Washburne of Illinois and Wilson of Iowa. There seems to be a general apprehension that the President will veto the bill. The House passed the bill extending the boundaries of Nevada, by including a portion of Utah and Arizona. So Nevada shall have 104,000 square miles, Utah 88,000, Arizona 121,000. It also passed a bill annulling all acts of the so-called legislature of Montana, which met at Virginia on the 5th of March 1866, forbidding the payment of the members thereof and requiring the Government to reapportion the territory. It also passed the Senate joint resolution fixing the time for the construction of the Pacific Railroad Eastern Division, after amending it so as to extend the time to two years

Opinion of the Cabinet

WASHINGTON, May 1.—It is understood that in a cabinet meeting to-day, the President invited an expression of opinion from his constitutional advisers respecting the plan reported to Congress by the reconstruction committee. An interesting and animated discussion ensued. Mr Seward declared himself in a very decided and emphatic manner against the plan of the committee and in favor of the immediate admission of loyal representatives from the lately rebellious States. McCulloch also spoke in opposition to the plan, and expressed himself strongly in favor of the immediate consummation of the President's restoration policy. Stanton was equally decided in his opposition to the committee's report. Welles was unequivocally against the scheme, and earnest in support of the President. Harlan expressed no opinion

Postmaster General Dennison was in favor of the President's policy but expressed doubts as to the precise terms upon which loyal representatives from the South should be admitted to seats in Congress. Attorney General Speed was not present. The President was earnest in his opposition to the report of the Committee, confessed himself against all conditions precedent to the admission of loyal representatives from the Southern States such as amendments to the Constitution or Congressional legislation. He remarked, in general terms, that if the organic law be changed at all, it should be done at a time when all the States participate in one nation

Financial.

NEW YORK, May 4.—Sherman's thirty year five per cent. loan bill has been fully discussed in all quarters and favorably received. Evidence of this is shown by the rapid appreciation of ten forties. There is a strong probability of its passage. An injunction has been granted on application of several stock holders of the Pacific Mail Steamship Company restraining the directors from selling certain vessels on account of alleged fraud. Our Naval Forces at Valparaiso

WASHINGTON, May 2.—A dispatch from Commodore Rodgers to the Navy Department, dated Valparaiso the 31st of March, says: Upon my arrival at this port with the squadron, I called upon the British Admiral, who informed me that he intended to prevent any sudden bombardment, and would only suffer it after ample notice. To this I made no reply; but having considered the matter, I sought an occasion the next day to say that I would join him in preventing any sudden bombardment, and would also go much further if he chose. I assured him that the *Monadnock* could take care of the *Numancia*, and I was absolutely certain that in less than thirty seconds and not more than thirty minutes, the *Monadnock* entirely unassisted, would leave only the mastheads of the *Numancia* above water, and that the wooden vessels of England and America could look out for the Spanish wooden vessels.

The British Admiral said at first that he would go with me, for I plainly declared that I would not take no steps without him. I said I had no intention of becoming a cats-paw to draw European chestnuts out of the fire and then have the powers I have served laughing at my singed paws, while they enjoy the fruits of my temerity. I finally determined to throw the responsibility upon the English Admiral, who did not choose to act in the premises. English co-operation having failed no separate action on my part was taken as none had been proposed. When I was assured that the English Admiral was determined not to resist the bombardment, I called upon him and said that I did not choose to drift into a collision where I had no purpose to collide. I should move my vessels out of the way of the Spanish fleet. This I communicated verbally to the Spanish Admiral

NEW YORK, May 1.—The steamer *Scotia* from Queenstown April 22d has arrived. Nothing has been heard of the *City of Washington* now three weeks out. Heavy premiums are demanded on her

Consols closed at 87¼. They opened lower, but rallied. 5-20's 70½@70¾.

The House of Commons continued to debate the reform bill. A division was not likely to be taken for several days

Geo Peabody arrived on the *Scotia*

The steamer *Costa Rica* from Aspinwall has arrived. She brings San Francisco dates to April 16th

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO May 5.—The overland line is out of order east of Fort Laramie. No Eastern report received last night

Two more Companies of the Second California Volunteers came home by the *Pacific* on Friday night. They will be mustered out of service immediately

The Mexican residents of this city did not fire the usual salutes yesterday in honor of the anniversary of the victory over the French at Puebla, concluding that it was better to save the powder to aid in the struggle required to be exploded with balls before it in front of the loved craft of the country

The May festivities of the German population were inaugurated in this city last evening, by a reception of their brethren who came down from the interior on the steamer *Capital*. Numbers of the various orders were received at the wharf and escorted through the principal streets of the city

Terrible Massacre of Troops in Arizona

LOS ANGELES, May 5.—From the special messenger Mr A W Delay who left Sacaton ten days ago and arrived at this place to-day we learn that just previous to his arrival at Sacaton he was joined by a messenger coming with a dispatch from the commander of Fort Grant to Gen Mason. They repaired together to the General's Headquarters where Mr Delay heard the dispatch read. It was substantially that Fort Goodwin had been taken by about two thousand Indians and out of fire, that out of four hundred and twenty four men stationed there, only one man escaped and that his escape was owing to the fact that at the time the massacre commenced, he was [illegible] he had received a message from [illegible] at Fort Goodwin, stating that [illegible] desired to make a treaty of peace, and asking General Mason. Instructed him to make the treaty. It is most likely that the Indians had gained an entrance to the Fort under that pretext, and massacred the troops as stated above

State Items

The Union men of Oregon City Friday evening [illegible] nominated the following ticket to be supported at the municipal election to-day: For Mayor Forbes Barclay. Recorder, J M Bacon. For Councilmen J L Apperson. Geo A Pease. Chas Logus. Wm Barlow, D P Thompson, C T Locey, J W Lewis. Treasurer Fred Charman; Assessor and Collector, Wm P Burns. Street Commissioner, D J Silver. City Attorney F O McCown, Marshal, Thos Miller

On Saturday evening, the Copperheads nominated the following ticket in opposition: For Mayor [illegible] Ralston. Recorder Randall. Councilmen, Rob't Caufield John Toner S W Moss Daniel Harvey, D P Thompson, George Prosequin, Chas Logus. Treasurer Geo A Pease. Assessor and Collector [illegible] Hurford. Street Commissioner McNamara. City Attorney Sep Houlst. Marshal Peter Wise

Three or four of these nominations are Union men whose names were used without their knowledge and it is understood that they will decline the doubtful honor

The Oregon City paper mills will be in operation early next fall, and will want tons of paper rags. Everybody should save their linen and cotton rags for they will be wanted and will probably bring a good price

The present political campaign is beginning to wax interesting. There are now in the field nearly all the candidates, besides a larger number of volunteer stumpers than were ever called out before. The Congressional candidates will speak at Portland on the 10th and the Gubernatorial candidates on the 16th inst. Gov Gibbs and Col Hawkins advertise an extended stumping tour. Mr Mitchell also is out and will go through this valley and Umpqua. Turn to our column of notices. Will not our friends everywhere send us prompt reports of the campaign?

We understand that the Penitentiary convicts are to be taken to Salem on Tuesday next for the purpose of beginning work on the State buildings at that place

The *Index* states that Capt. Montgomery's new boat *Eclipse*, launched a few days ago, was wrecked near the mouth of the Umatilla, on the 1st inst

The delegates from the several lodges of Good Templars in this State will meet at Salem on Wednesday next, for the purpose of organizing a Grand Lodge. The Order is in a highly flourishing condition throughout the State. One lodge in this city has about two hundred and twenty members and the aggregate of all the Lodges in the City is over four hundred

A MISREPRESENTATION EXPOSED.—A few days ago our neighbor published an extract purporting to have been taken from the San Francisco *Bulletin*, whereof the following is a part:

> California Union men are now called upon to decide whether they are prepared to divide their forces upon the issue of forcing negro suffrage upon the people of eleven of the States, by the intervention of Congress. Disguise it as you may, that is the real and only question

The above may have come from the *Alta* or *Call*, but we'll engage that it never was taken from an editorial in the *Bulletin*. On the contrary, the *Bulletin* contends that the constitutional amendment lately adopted gives Congress authority over the suffrage question. We quote from that journal's issue of the 24th ult:

> In respect to the policy of extending unrestricted suffrage to liberated slaves, there may be a difference of opinion, but as to the authority of the National Government to determine who shall have the rights of citizenship, including that of voting, we do not believe there can be any question. Since the adoption of the Amendment to the Constitution abolishing slavery, a distinction which has heretofore existed has been done away with. And under the law recently passed by Congress, protecting persons born within the United States, without regard to color or former condition, certain rights therein specified are granted which include nearly everything except suffrage. There is no doubt that Congress could have given in the Civil Rights bill, authority to vote to any citizen throughout the United States. It is only a question, not of rightful authority, but of policy.

NEGRO EQUALITY.—The prolonged and vigorous howl about negro equality, which is just now splitting the throats of the democracy, is a piece of the most consummate demagoguism. And it is also a most inexcusable insult to the white people of the United States. The Democratic position is simply that the laws which have hitherto deprived the negro of natural *rights*, having been repealed, therefore, the white men and women of America are in danger of sinking to the level of the negro race, in other words, that there being *no law to prevent it*, the whites will seek equality with the negro. This argument of the Democracy goes upon the assumption that the superior social status of the white race has hitherto depended on the supports of law. There is nothing more or less of it, and we insist that the assumption is both false and a shameless, wanton insult to the white people of America.

TAKEN THE ALARM.—A "conservative" paper which is very zealous in support of the President, fearing that he will be crushed by the the loyal people of the country, sounds the alarm, telling the South what it must do to prevent the catastrophe

> The immediate passage of laws by each of the ex slave States to protect the freedmen in person and property equally with the whites, is a high duty, dictated alike by sound policy and a determination to stand by the President, and, if we expect him to be victorious in the great struggle in which he is engaged it is an absolute necessity

But no ex-slave State has yet passed such laws as this alarmed "conservative" pleads for nor does any one of them seem likely to do so. And as the President upholds them in their purpose not to pass "laws to protect the freedmen in person and property equally with the whites," it is folly to "expect him to be victorious."

Just prior to the Connecticut election the following Presidential declaration was published. It shows how earnestly the President desired the election of the Democratic candidate for Governor in that State, just as the returns show how grievously he was disappointed. Mr Johnson is talking to two Connecticut Copperheads:

> The principles of my restoration policy are *fundamental*. No man can approve of my policy and that of Congress at the same time. *That is impossible*. In New Hampshire it was claimed that both policies were supported, which of course could not be, but after the election it was claimed that a radical victory had been achieved. He trusted the people would not now be deceived

> The *Oregonian* says that in the attempt to separate the States there was a perfect union of ideas between Democrats North and South. This too is a malicious false[hood]. The Democratic party never desired a dissolution of the Union.—*Herald*

Will you please, then, tell us what construction is to be placed on this language? We quote the words of the person who edits the *Herald* written when he was editor of the *Pike County* (Ill) *Democrat*:

> *Why not let them* (the Southern States) *go out peaceably?* Why not have an equitable and just partition and *separate amicably?*

The New York *Herald* says:

> There is no longer any republican party. There is no longer any democratic party. The President has swept away all such distinctions

But he has not swept away the Union party which preserved the Republic, and which is resolved not to permit President Johnson to carry out the "policy" of putting traitors in power over loyal men

The New York *World* dropped from its Congressional proceedings all record of Thad Stevens' recent speech in which was introduced an extract from the *World* of March 1865 denouncing Andrew Johnson for drunkenness. Very good evidence that Old Thad's blows hurt somebody

We notice that the Democrats apply the word "Abolitionist" as an opprobrious epithet or stigma, to every person who does not support the Johnson "policy." Do they mean by this to intimate that the President is not an Abolitionist?

PICTURE TALK.—It is said that Miss A. said to a friend at a lady's church party the other day, "that I [illegible] Pictures in my Album from almost every First Class Gallery in the East and here yet they are none of them superior to those coming from Ehrsworth & Cardwell's Establishment in this city." Quite true, responded Miss D., and I perfectly agree with you. The CARDWELL GALLERY is located at 60 First Street—Entrance a few doors above Washington

PRECAUTIONS AGAINST CHOLERA.—The City Marshal and deputies have for several days past been working very energetically to compel the cleaning up of the city. From what we have been able to learn regarding the [illegible], we are inclined to believe that the half has not been known concerning the disreputable condition of things in Portland. Of all the standing, invitations to cholera, or any other plague or pestilence [illegible] can [illegible] be likened to the dirty dingy dark rotten and [illegible] rookeries inhabited by the Chinese in that section of the city bounded by Alder, Second and Morrison streets. How to clean them out is a question that has [illegible] the most experienced regulator of sanitary matters. But the Chinese are not the only ones wanting in the [illegible] of cleanliness. The officers are doing all they can, and there are some things which people ought to do for [illegible]. Every sensible man has been taught by experience or reading what precautions are necessary [illegible] the increase of disease and especially are they [illegible] applicable to the scourge of cholera. The great point is to promote cleanliness and those persons whose premises are not clean and who are waiting for some officer to inform them of the fact should be held amenable for a crime. It is their duty to go to work and clean up their premises on their own responsibility. It is a public and a private duty the performance of which is actually demanded. Drains, vaults, yards, cellars, and all places where filth naturally collects, requires attention at this particular time from those who own them or have them in charge. The fatal and universally destructive results of cholera wherever it has made its appearance ought to determine our people to take a little extra precaution against its introduction here, so long as it is a fact well established that it is much easier to prevent its visiting a place than to stay it, should it ever get a start. In conclusion we will extract the following, written by Wm. J. Biggs, of the Auburn (Calif.) [illegible] Stars and Stripes as quite applicable to this locality: "The [illegible] which in Europe was [illegible] always [illegible] the cholera, has reached Europe. It will [illegible] [illegible] and speedily to its track will follow that [illegible] scourge the Asiatic cholera. It will find the people of Auburn in the best possible trim to give it a welcome reception—Chinese gardens in full operation, the filth of [illegible] scenting the air with perfumes more powerful but not sweeter than those of Araby the blest, the damp [illegible] reeking with rotten vegetation and pestiferous [illegible], vaults and sewers neglected, and a brand new [illegible] laid off in [illegible] lots for single individuals [illegible] [illegible] parties. We believe the Supervisors did not [illegible] to make any addition to the hospital, as any one [illegible] be attacked by cholera in the putrid Summer [illegible] of Auburn would probably be in Kingdom Come before he could be removed. If the pestilence does [illegible] us, and bring its knitting work and stay with [illegible], it will manifest a degree of base ingratitude [illegible] have thought characteristic of humanity alone. [illegible] come, however, we trust it will confine its attentions principally to the persons who, for the sake of [illegible], persist in maintaining pestilential nuisances within the town, to the annoyance and mortal injury of [illegible] [illegible], and next to those who [illegible] [illegible] them [illegible]. We do not like some of our lady friends [illegible] in attending funerals; but we could [illegible] [illegible] grave with but a very great deal of reluctance the corpse of any one who for the sake of gain would [illegible] [illegible] with the lives of the community. Such [illegible] [illegible] [illegible] than murderers, though not amenable to [illegible] civil laws."

[illegible] CUTTER LINCOLN.—This vessel, a screw of about 500 tons, belonging in the United [illegible] service, arrived at this port yesterday and [illegible] lying at anchor in the river a short distance [illegible] street. The following is a list of the officers of the Lincoln: Capt. J. W. White, formerly well known [illegible] as Lieutenant on board the revenue cutter Jo Lane; 1st Lieut. D. B. Hodgdon; 2d Lieut. [illegible] Hunter; 3d Lieut. [illegible] Harrell; Chief Engineer, James T. Wayson; 1st Assistant Engineer, Alex. [illegible]; 2d Assistant Engineer, Charles H. Ball. [illegible] Lincoln is decidedly a fine specimen of marine architecture, built very similar to the steamer Montana of the [illegible] line. She is manned by 55 men and carries a [illegible] Parrott gun, thirty-pounder, and six 24-pounder [illegible]. She will leave sometime during the day for Port Angeles, on Puget Sound.

[illegible] COUNTY.—From a gentleman who was [illegible] at [illegible] the Union County Convention at Astoria on [illegible] last, we learn of the following nominations: [illegible] [illegible] [illegible] for Clatsop, Columbia and Tillamook counties, Judge Cyrus Olney. For Clerk of Clatsop county, J. G. Hustler. For Sheriff, A. L. Montgomery. The remainder of the nominees our informant was unable to remember.

FOR [illegible].—The schooner Alfred Crosby, Captain [illegible], will sail for Victoria about 10 o'clock to-day from this port, with a cargo of nearly 100 tons of assorted [illegible]. The Crosby is now making regular trips in this [illegible], and her commander is disposed to accommodate shippers in the best method possible. He [illegible] to take a limited number of passengers.

[illegible].—Mr. D. [illegible], Esq., of the Railroad, called upon us last evening, and we learned that his men were now actively employed in [illegible] for the Portland street improvements, at [illegible] thousand feet daily, on a contract for [illegible].

[illegible] COUNTY.—There will be a Union rally at [illegible] Yamhill county, to-day, at which time Colonel [illegible] and Gov. Gibbs will address the people. Hon. [illegible] Mitchell will also address a meeting at Lafayette [illegible] the [illegible] of the campaign.

[illegible] UMPQUA.—The schooner Pacific, Capt. Gage, [illegible] this morning in tow of the steamer John H. [illegible], and will sail in ballast for the Umpqua river, [illegible] she will receive a cargo of lumber for San Francisco.

[illegible] TRADE.—The advertisement of the long established firm of Allen & Lewis, to be found in our columns [illegible], speaks a good word to the trade, and we [illegible] parties wishing anything in that line to give the [illegible] a call.

[illegible] STEAMERS.—Our dispatches from California [illegible] that the steamship Montana sailed for this port [illegible] San Francisco at 11 A. M. on Saturday, and the [illegible] at 4 P. M., same day.

[illegible].—Messrs. Stewart & Gourley, in consequence of the tearing down process going on at their old stand, have temporarily removed to the old stand of Messrs. Barker Bros., opposite the What Cheer House.

[illegible].—Yesterday was a busy time for the livery-stable keepers. One spirited team got the best of its driver and ran away smashing the carriage badly, on [illegible] street, in the vicinity of the Public Plaza.

MULTNOMAH DEMOCRACY.—The Democrats of this county will nominate their county ticket to-day, in an adjourned meeting from the late State Convention.

COUNTY COURT.—The May term of this Court for Multnomah county, Judge Marquam, will meet at the Court House in this city to-day.

[illegible] H. W. CORBETT.—This gentleman arrived at San [illegible] by the [illegible] on May 31, and is expected [illegible] his home the present week.

[illegible].—Collector Adams arrived yesterday from [illegible] by the steam revenue cutter Lincoln, and is stopping at the Lincoln House.

[illegible] TAX SALE.—The lands delinquent for county [illegible] advertised for sale on the fourth page of to-day's [illegible].

[illegible] NEWS.—The wires are again in full operation [illegible] will be seen by the news we give on both sides of [illegible] [illegible]'s Oregonian.

They cure Liver Complaint and Nervous Headache.
They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in Bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

M. HOWARD'S HAIR RESTORATIVE,

315 Montgomery St., San Francisco.

THE ABOVE PREPARATION, WHICH HAS BEEN recently discovered and patented, is purely a Vegetable Extract.

The undersigned are fully aware of the many unsatisfactory and useless preparations for restoring hair that have been introduced to the public, and how little confidence is to be placed in any pretensions to restoring the hair to bald heads; but having tried MR. HOWARD'S PREPARATION, we are able to state that it not only prevents the hair from falling out but absolutely reproduces it, and that we now have good suits of hair growing where we were entirely bald. Therefore, as a matter of justice to Mr. Howard, and of consolation to bald heads, we tender him this testimonial. Mr. H. keeps the article for sale in bottles with directions for its use, or applies it himself as may be desired.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.

Spain as a Naval Power in South America.

The operations of the Spanish squadron now going on in South American waters attract marked attention throughout Christendom. The war that is now being waged between Spain on the one side, and Chili and Peru on the other, is and must necessarily be a naval one, and so far all encounters have been of a marine nature, and unfavorable to the Castilian flag. When Peru was reduced to terms by Admirals Pinzon and Pareja—the latter having subsequently died by his own act—Chili was taken in hand. Since the *ultimatum* given by the Cabinet of Santiago and the open war that followed, victory has been a stranger to the Spanish squadron, and the Chileans have captured the screw steamer *Virgen de Covadonga*, and have successfully resisted all attacks on their sea dominions. The Spaniards also lost by fire, while in occupation of the Chincha Islands, the [illegible] gun steam-frigate *Triunfo*, which with the *Resolucion* lay in the harbor of San Francisco during the year [illegible], for several months.

The South Americans, elated by their successes and a settled resolve not to yield to Spanish demands, are defiant and confident. The Spanish Government shows every disposition to prosecute the war, and has called all the naval resources of the kingdom into service for the purpose. Powerful reinforcements from Europe have by this time reached the blockading squadron at Valparaiso. The Chileans have afloat several ironclads and floating batteries, and at last dates were expecting every moment several ships constructed in the neutral (?) ports of Liverpool and Glasgow, that sailed from England four months ago under the Peruvian flag. The war now wears a serious aspect, and the Spaniards having received a full cargo of supplies by the American steamer *Uncle Sam*, threaten, as a last resort, to bombard the cities of Valparaiso and Callao.

Precisely at this juncture a powerful American squadron arrives in South American waters, and a new minister, Gen. Kilpatrick, is received by the Government of Chile. The alleged breach of the neutrality laws by the *Uncle Sam*, and the threatened destruction of neutral property in the ports mentioned, have, according to the latest advices, engaged the attention of the United States Minister and United States Naval commander, and it is stated that the captain of the *Uncle Sam* must be delivered up and sent to Washington for trial. Neutral property must be respected by the Spanish commander, even if it be necessary to use force. At best, the situation in South America is one that presages war more extensively in that quarter.

There is a consideration that at once presents itself in the present condition of affairs, namely, the relative strength of the belligerents. The combined forces of Peru and Chile, if they can effect a junction, will be a dangerous enemy to the Spanish squadron, but will not be able to cope with it. If, however, by any combination of circumstances our squadron, consisting of the frigates *Lancaster*, *Vanderbilt* and *Tuscarora*, and a monitor on the coast of Chile, should be drawn into the difficulty, results may follow unexpected by the public at the present time.

It cannot fail to be interesting to know the present condition of the Spanish navy—once the greatest in the world. Spain, a few centuries ago, fitted out the most formidable armada which is recorded in history, for the conquest of England. The elements conspiring against it, a large portion of the fleet was driven ashore upon the coasts of Great Britain and Ireland; and from that date began the decline of the Spanish naval power. One year ago the navy consisted of the following vessels: 2 ships of the line, used for instruction, 84 guns each; 13 screw frigates, carrying [illegible] guns; 6 iron-clad frigates, 200 guns; 8 corvettes, (steam and sailing,) 307 guns; 23 steam schooners, 53 guns; 18 screw gunboats, 16 guns; 26 sidewheel steamers, 120 guns; and 17 transports, 85 guns; total, 120 vessels, carrying 1,350 guns—all under the direction of Don Francisco y Fernandez de Pinedo, who holds the rank of Captain-General, and is assisted by six Generals.

The war with Peru and Chile has caused an immense stir in the navy yards of Spain and Cadiz, Ferrol, Carthagena and Havana. All available vessels in commission on European stations have been despatched to the Pacific. The fleet now on the coast of Chile consists of the flagship *Villa de Madrid*, 60 guns and 600 men; the *Numancia*, iron clad, 40 guns and 400 men; the *Resolution*, screw, 21 guns and 500 men; the *Blanca*, screw, 36 guns, 350 men; the *Berenguela*, screw, 35 guns, 350 men; the *Vencedor*, steam corvette, 5 guns, 160 men; and the *Marquis de la Victoria*, screw, 5 guns, 160 men. It is well known that large reinforcements have been sent from Havana and Cadiz that will enable the Spaniards to be firm and present a strong front before their opponents in South America. Besides the vessels named, at least as many more must have arrived by this time; and there are in addition to all, two war steamers in the harbor of New York, one at Aspinwall and one in the vicinity of Panama, watching for privateers and the transportation of goods contraband of war.

The presence of the American squadron and the questions that have already arisen in reference to the *Uncle Sam*, and destroying neutral property by bombarding Valparaiso, will have undoubtedly heavy weight with the Spanish Admiral; but it is no less to be questioned that some bold stroke will be attempted before the squadron returns to Europe, no matter what may be the consequences. Spanish pride, like French honor, is a very [illegible] sentiment to deal with. Secretary Seward understands the latter well, and respects it, for he is jealous of American honor. Spain will not yield in this matter, it is very easy to see; and, consequently, the intelligence may be expected of an attempt being made by the Spanish fleet to destroy or capture the naval forces of Chile and Peru, or lay in ashes one or more of their commercial cities. In the cause of right it would be well for the forces of our country in South America, to play an honorable and just part; but at the same time it is of equal importance that the well-received principles of international law should be strictly observed on our part.—*S. F. Bulletin.*

Washington Territory Items.

From the Vancouver *Register* we obtain the following:

We notice nearly every boat brings some strangers to our city, many of whom are in the apparel and provided with the suitable blankets of the miner. The reports of discoveries in quartz and placer diggings near here, doubtless brings them, and they are encouraged with the expectation of striking it rich. We sincerely hope they may succeed. Within a few days reports have reached us, from sources we deem reliable, of surface diggings in a new locality, a little farther away, yet entirely accessible. We were told by gentlemen in Portland that as soon as the weather seemed permanently settled, a large number of persons from there and the adjoining country would [illegible] for the purpose of prospecting. We also hear that there is much the same feeling through the Willamette valley. At no time have we ever met so many strange faces in our streets as at the present. There is a [illegible] of very considerable stiffening of [illegible] in all our local interests.

The first test of rock from the Clark county ledge has just been made. Mr. S. W. Beall took 520 pounds of this rock to Portland, which was crushed and amalgamated by Mr. W. H. Farrar, who did the same work for the tests of the Columbia and Vancouver ledges, and yielded a return of $10 50 per ton. The rock was surface rock, and the return is considered highly satisfactory. The certificate of assay is signed by Messrs. King & Myrick. Parties stand ready to put up a mill or mills for custom crushing at five dollars per ton, and other parties to deliver rock at the mill at two dollars per ton. The evidences are more and more conclusive that in a short time, large amounts of bullion will be produced here, and that this will become the center of one of the most extensive and prosperous quartz mining regions on the Pacific coast. Discoveries of new ledges are being made weekly, and it is probable that they run through a large extent of country easily accessible, and in an [illegible] agricultural country.

The third quarterly meeting of the M. E. Church on this charge was held at Vancouver last Saturday and Sabbath, Rev. N. Doane, P. E., officiating. The Quarterly Conference resolved to hold a camp meeting, about the 1st of July. Two delegates, J. B. Caples, Esq., and H. K. Hines were appointed to attend the "Centenary Convention," to be held at Salem, May 16th.

WANT TO REVIVE THE DEMOCRATIC PARTY.—John Sherman of Ohio, in a speech made at Bridgeport (Conn.,) in touching on the question of the reviving of the Democratic party, told the following story describing the simple logic of Governor Tod of Ohio, an old Democrat, concerning the vitalizing of the Democratic party:

A modern Democrat came to a distinguished Democrat of the State of Ohio (Governor Tod) last Fall, after the war had ended, and said: "Now, my friend, you supported Lincoln all through the war; now the war is over; you have had everything your own way; and now suppose we start again the old Democratic party!" "Well," said the old Ohio Democrat, "I don't know but that it would be a good thing; I like the Democratic party; I stuck to it until it deserted the country and went over to the rebels. I don't know but it would be a good thing to revive and purify the old party; but I would not do it just yet." "Ah," said his old friend, "when would you do it then?" "My friend," said the Ohio Democrat, "when the Union party shall have discharged in full all the obligations it has assumed during the war; when it shall have paid all the pensions that are due to the widows of soldiers; when it shall have paid every dollar of the national debt incurred during the war; when it shall have punished all the rebels; when, in short, it shall have accomplished all that they have promised to do, then I am willing that the old Democratic party should be revived. I am not willing to trust the Democratic party to perform obligations that they opposed in their contracting. I prefer to see it done myself—to pay my own debts myself."

To Builders and Contractors.

NOTICE IS HEREBY GIVEN THAT PROPOSALS will be received by the OREGON CITY PAPER MANUFACTURING COMPANY up to 10 o'clock A. M., on the 10th day of May, A. TO THE UNFORTUNATE,

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

617 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Disease.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation, thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of those horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Persons at a distance may be CURED AT HOME, by addressing a letter to Doctor Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 617 Kearny street, near Commercial, San Francisco. Post Office Box 252. Consultations FREE.

CAUTION TO THE UNFORTUNATE.

Beware of the San Francisco quacks and pretenders, who with bogus sworn certificates dupe the unwary. Some of the self-styled Doctors, whose names are to be found in the daily and weekly papers of San Francisco and other places, are tradesmen, and become too lazy to work at their trades. Some are thimble, shoemakers, newspaper carriers, intelligence office keepers, etc., etc. Look over the San Francisco City Directory, and you will not find the Medical Institutes in it; but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. DR. GIBBON does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. DR. GIBBON will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure. Consultation Free. ap22d2m

PUTNAM & CO.'S HORSE NAILS—5 d to 10 d. For sale at E. J. NORTHRUP & CO.'S.

SOMETHING NEW AND NOVEL.—A PATENT APPLIED FOR.—MR. HANDES has invented an article by which he can take any number of Head Pictures on the same plate without the subject getting up from the chair; can get different positions of the face and all sizes of heads, can put a half dozen heads in the space of a half dollar; can put a whole family of heads on a common sized card, and will sell pictures cheaper than any other Gallery on this coast. Has the process for taking the new and beautiful style picture called the Porcelain or Sun Pearl, so much talked of in San Francisco, also has engaged a man from that place who has been making those pictures in San Francisco.

Mr. H. is now prepared to do as good work and in as great variety of style as any Gallery in Portland. Orders for full portrait size of photograph will be promptly attended to. ap16d1prf

HOW NATURAL, AND YET HOW AGREEABLE it is to enjoy the comforts of a good bed to rest his or her weary limbs upon, and I can say from experience that there is no style of bed that compares with the MOULTON SPRING BED BOTTOM, BROMLEY'S PATENT, for Health and Comfort, Durability and Cheapness; can be attached to any bedstead and cost but get out of order. The model of this bed bottom can be seen at HENDEE'S PHOTOGRAPH GALLERY and orders taken for all that may wish to purchase. Also, the full size bed in working order can be seen and had on short notice at Mr. Wilcox's Furniture Store, on Front street, near the bridge. Price—Double-bed, $10; Single-Bed, $7.

Mr. Hendee will take by his New Invention Head Pictures for $3 00 per dozen. Will be at his Rooms from 9 A M to 1 P. M. my3d1m

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor.—This medicine reaches the CONSTITUTION ITSELF, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in those cases, and you will ever give praise to
